Arbutus RV is pleased to welcome Rick Anderson who has joined our Service Management team here in Courtenay. Rick comes to Arbutus with over 35 years in the RV industry from Journeyman Technician to Service Management.

Every day we have customers dropping by and commenting on the constant ongoing expansion that is occurring here at Arbutus RV in Courtenay. We opened just 4 years ago here in Merville on March 1st with the one humble sales lot and a lot of optimism and enthusiasm. Here we are today with the whole block as our sales lot and are about to have the "Grand Opening" of our new and expanded service facility. Things are happening fast here and we have our happy enthusiastic customers to thank for this success. Please be sure to drop by to our "Open House" and Service Department "Grand Opening" on May 5th and view our new digs plus you can meet many of our RV'ing customers. We will have a BBQ and variety of treats for you and don't forget no matter when you drop in to see us "The Coffee is always On Here" at Arbutus RV in downtown Merville.
