

Same Great Vacation

Take a look at the vacation shots on these two pages. Could this be the same vacation? Yes! These costs were based on a family of four (2 adults, 2 children 3-12), for one week's summer getaway in Tofino. Both vacations offer detached accommodation with beach access, wireless internet, expansive children's playground and easy access tide pool explorations, kayaking, surfing, fishing, whale watching, hiking or just relaxing!

So, what's the difference? One of the two vacations is taken in an RV – we'll let you guess which one.
